Office and as such I enjoy jurisdiction within and throughout the County of Osage. I have been a C.L.E.E.T certified Peace Officer since 2006 and I have received hundreds of hours of training in the areas of Homicide Investigation, Child Abuse Investigation, Sexual Assault Investigation and the Criminal Investigation Academy. I have been involved in numerous investigations and cases resulting in arrest and convictions for violations of Title 21 of the Oklahoma State Statutes to include the presently discussed charge(s) "Child Abuse".

2. I have been involved in this joint investigation along with workers from the Osage County Office of the Department of Human Services since October 14th of 2011. On the aforementioned date, I accompanied Amber Brazee with the Department of Human Services to ██████████ in the Sperry area of Osage County to help facilitate the removal of three adolescent children who will be hereby referred to as G.T., B.T. and T.T.

3. G.T. was a very slender 14 year old female with dark hair and a medium skin tone. B.T. was a very slender 14 year old male with light brown hair and light complexion. T.T. was a 15 year old slender male with light brown hair and light complexion. All three children were adopted by the defendants Laura Thomas and Aubrey Thomas when they were very young. I learned the defendants have adopted a fourth child who was 13 years old at the time of the report and had since been removed from the home. This fourth child is a 13 year old female who will be hereby referred to as E.T.

4. Throughout the course of this investigation, several interviews were conducted with the family members who reside or did reside in the Thomas household at the aforementioned address. During the interviews, I discovered the following information:

A. E.T. disclosed to this investigator that while living in the Thomas household with the defendants, she would be subjected to severe spankings on the soles of her feet and butt from a wooden paddle, forced to chew and ingest dishwasher soap (identified as Dawn Dish Soap), forced to eat her own vomit on numerous occasions for vomiting on the floor of the home, forced to vomit at the hands of the defendants for eating or stealing food, forced to stand in timeout for extremely long periods of time sometimes blindfolded.

B. E.T. also disclosed to this Investigator that she would be forced to eat chewing gum from the defendants (Aubrey Thomas) bare penis, be forced to perform fellatio on her adolescent adopted brothers bare penis's in exchange for sugar at the hands of the defendant (Aubrey Thomas) and be forced to allow

Facts & Circumstance that support probable cause to arrest the above named person are
the defendant (Aubrey Thomas) to use honey or baby oil to perform cunnilingus on her bare vagina.

C. Initial interviews with G.T., B.T. and T.T conducted by this Investigator revealed extreme coaching and coercion by the defendants as the children would not reveal information I already knew such as the existence of a wooden paddle known in the house as "Mr. Awesome".

D. An interview with an adult natural child of the defendants who will remain anonymous throughout this affidavit but identified as A.T. was conducted by this Investigator. A.T. moved out of the defendants home in 2008. A.T. disclosed instances of abuse at the hands of the defendants on all of the adoptive children but more predominately on G.T and E.T.

E. A.T. told me that her mother was fond of reading books about child abuse including a book titled "A Child Called It". A.T. described that her mother purchased most of her books a Christian Book Store in Tulsa called Mardels.

F. A.T. described that she witnessed the defendants pour spoonfuls of cayenne pepper into G.T.'s and E.T.s mouths as a punishment for lying. A.T. went on to describe that if the girls would cough or spit the cayenne pepper out, they would get another spoonful and they were supposed to swallow. After swallowing the pepper, Laura Thomas would provide a tall glass of water.

G. A.T. advised that she witnessed the children being fed bar soap and that they would be forced to chew it and spit it out or sometimes they would have to swallow it. A.T. further states, after the kids would get severe beatings and would be very red, her mother would make them take a bath in cold water and would attempt to make it colder by adding lots of ice cubes in an effort to reduce swelling and bruising.

H. A.T. described that if the girls urinated in their beds or clothes, they would have to take off their urine soaked panties and place them into their mouths so that the other siblings could make fun of them.

I. A.T described that she witnessed her mother and father wake G.T. up in the middle of the night one time and slap her in the face repeatedly until blood was flowing from G.T.'s lips and nose. A.T. states that her mother was screaming into G.T.s face when this occurred to the effect of "You're never

going to learn are you". A.T went on to say that her parents made G.T. sleep with them afterwards and she (A.T.) had to clean up the blood that spattered across her room with peroxide, water and carpet cleaner.

J. A.T. also described that it was commonplace for her mother to force her finger into the girl's throats in an effort to make them vomit their food if they ate sweets or most notably (a pan of brownies). A.T. also told me that the girls would be forced to eat their vomit from the floor and this occurred several times.

K. Subsequent interviews with G.T. and T.T revealed similar facts. G.T. explained the incident in which she ate cookie sprinkles from the ground and being forced to vomit at the hands of her mother.

L. G.T explained being spanked on her hands, feet and bottom with a wooden paddle. G.T. also described E.T. being locked in her bedroom for long periods of time by her mother.

M. G.T. explained that her mother would make her father spank her on her bottom and hands as punishment.

O. T.T. and G.T. described an incident in which E.T. was forced to eat horse feces at the hands of their mother because she was not cleaning a horse pen fast enough.

5. This investigator also learned of other foster children who have been removed from the Thomas household for substantiation of child abuse. In 2003, Rogers County D.H.S discovered bruises on two female foster children who were in the Thomas's care and had them evaluated at the Claremore Child Advocacy Center where they were noted to have burns and bruising from being struck on the bottoms of their feet.

6. Based on the aforementioned descriptions of abuse, I have probable cause to believe that Laura Thomas and Aubrey Thomas, the abovementioned defendants have committed child abuse as outlined in Oklahoma State Statute 10A definitions especially including Heinous and Shocking Abuse which describes Chronic Abuse and Torture which is repeated or continuing.
