MPP Frank Klees on the UNLAWFUL practice of social work/CAS

by Dave Flook Friday, 08 July 2011 Category Video 0 Comment

This is an excerpt of the debate on May 5, 2011 in the Ontario Legislature of the subject of the unlawful practice of social work in the Province of Ontario. Mr. Klees stated that the CAS workers were going against the whole spirit of the legislation... 0

I wonder if McTague Law Firm in Windsor is going to sue MPP Frank Klees for his remarks too...

Either way.... Ill be seeing you in court boys. I look forward to kindly explaining to the judge how Andrea is NOT a social worker/not registered with the college as required by law in order to practice social work and acted outside of section 40 of the Child and Family Services Act. Furthermore by Andrea's own admission she was instructed to be there so my initial claim about how CAS operates in illegal ways holds true.

I look forwarding to not only having my day with you in court but I will be publizing every single peice of information to the world. People are sick and tired of the CAS thinking it can do anything it wants and often making situations vastly worse for children and parents.

I appreciate you helping me bring these issues to the forefront

Dear Stevie Lee,

I've told you many times that sometimes things don't always make sense. Sometimes you have to take a hit if it benefits the greater good.....and to put it in the words I use.... "some times Stevie there are parents who need help to see their children.... sometimes Daddy does what he can.... one day you will be proud of me".

Today I was served by the lawyers representing CAS with explicit instructions to remove videos and blogs on the website that I started four years ago...because I wanted to do whatever I can to construct as best I can a world for you that is free from injustice, corruption, and political greed. You my precious Stevie have given me so much strength...every single day you empower me to do great things. If you could only know the influence you have already had in your 4 years of life.

It is with your precious smile in mind that I will stand by my initial claims that Andrea Wathy from the Chatham CAS acted in a manner which is unlawful and outside of her job requirements. CAS is a corrupt organization to me and I will do everything in my power to ensure other families are not ruined because of their need to perpetuate their business model.

The world is a mess Stevie... there are greedy people who think not of justice despite the fact they have sworn to it... there are those who seek out only money.... they have forgotten about principal, morality... justice or equality. There are those who are lead by greed. .... and then.....

and then there are us... who are lead by love. Who will protect our children and stand up for our rights.

To those who appose love... I say..confidently and proudly..... me... Dave Flook... your father Stevie Lee...

Dear Sir:

RE: Chatham-Kent Children's Service, Andrea Wathy

We are the solicitors for the Chatham-Kent Children's Service and Ms. Andrea Wathy and have been referred to a website titled "notalldadsaredeadbeats.com".

We have reviewed this website and in particular your blog of July 5, 2011 titled "Follow up email to Chatham CAS worker" and also your blog of June 4, 2011 titled "CAS training video". We have also reviewed the two (2) videos that are attached to your June 4th blog. In these blogs and on the video(s) you state that our client is "corrupt" and encourages its workers to break the law. You also state that our client uses "illegal" tactics and further state that Ms. Wathy "was willing to act in an unlawful manner".

Your statements in this regard are libellous and defamatory. As author of the contents of the website, our clients intend to hold you personally liable for any and all damages they suffer as a result thereof. We require that all libellous and defamatory content on this website be deleted immediately and that you cease and desist from posting any further libellous and defamatory content. If this is not completed within three (3) days of the date hereof, we have been instructed to commence legal action against you to compel the deletion of any and all libellous and defamatory content on the website and also to recover any and all damages.

Dave Flook: Follow up email to Chatham CAS worker

by Dave Flook Tuesday, 05 July 2011 Category Family Court 0 Comment

Hey Gang - here is my follow up email to the CAS worker who came today. Videos are below. I just noticed on her card it says her title is "INTAKE WORKER" hmmmm, why is she practicing social work... or at the very least by her own admission "Investigation" duties.... :)

0

Her name is

Andrea Wathy
Phone: 519-358-4160
Email: andrea.wathy@ckcs.on.ca

Hi Andrea,

I just wanted to send a quick follow up to todey's meeting in order to provide further information and clearification about the dialog today.

First, I would just like to stress that my reluctance to let you into my apartment and my strict enforcement of the use of recording devices was nothing against you personally. As mentioned, you could have the best intentions/children's safety in mind when you do your job however I must protect myself not only against the allegations that have obviously been lodged against me but also the CAS corporation itself.

It should come to you as no surprise if you have previously conducted even a mediocre amount of research into the CAS that there are major issues surrounding the organization's practices. Ontario is the only province that does not have Ombudsman oversight of the CAS (this is something that the CAS has fought out against). There is a saying that Im fond of "Lack of accountibility paves the way for tyranny". If you visit www.canadacourtwatch.com or www.notalldadsaredeadbeats.com you will begin to understand the scope of the issues and complaints that the general public have with the CAS.

The mere fact that you were at my residence today when coupled with the fact that you are not registered with the College Of Social Workers and Social Services Workers as mandated by law by the Social Work and Services Work Act and the fact that this was NOT an emergency situation shows me that you are more than willing to conduct yourself in a fashion that is unlawful.

By this I mean - as someone who is not registered with the College Of Social Workers and Social Service Workers you are therefore governed STRICTLY by section 40 of the Child and Family Services Act. This means that you are ONLY responsible for the apprehension of a child in an EMERGENCY situation in order to remove the child to a safe place.

You said you were here today to "investigate" a complaint which you then said was "part of your job".

Well, Im here to tell you that the practice of social work is unlawful unless you are registered. Im even willing to bet my entire music action figure collection on the fact that you are not. So, by you simply being here today shows me that you are willing to act in an unlawful manner. I understand that this is "just your job" but you have been given bad directions and I'm here to assure you that if you continue along this path Ill ensure that you are personally held liable to any action that you take that is not in strict accordance with section 40 of the Child and Family Services Act.

I do hope you understand my intentions here. It's not "I have a grudge against Andrea". It is the corrupt organization that employs you and obviously encourages you to break the laws.

In keeping with my self-appointed duty of educating the public as best I can and to ensure that nobody else finds themself in a position of comprimise because of the CAS's often blunt (and illegal) tactics I have posted the videos I made today online for the whole world to see. You can view the videos at www.notalldadsaredeadbeats.com. They are on the front page so you dont have to spend too long trying to find them. They are also syndicated across other human/parental rights websites. ;)

The current registered membership of NADADS is over 10,000 globally. We have had over 133,665 visitors to the website and have roughly a thousand visitor a day - a decent start I would say. Your video is now being broadcasted to the entire world for use as a training resource. I wanted to personally thank you for providing me with content that is already being talked about on social networks such as Facebook and Twitter.

I wanted to ensure you that I will always be in full protection of myself with recorders, witnesses etc. I will also ensure complete transparency and will always serve the public wenn it comes to information sharing and protection.

I take my role as a father very seriously. There is nothing I would not do for my daughter. I am not abusive, do drugs or even drink when I have my daughter here. I have never been charged with a crime. I do everything I can to ensure my daughter's safety. My apartment is always clean and Stevie health and safety is aways my first priority. You do not start an organization called "Not All Dads Are Deadbeats" because you dislike your role as a dad...you do so because you love your children more than anything in this world and you will fight to the very end to make sure they live in a world that is free from corruption and unjustice. You do so because of love.

If you feel that the complaint against me, which as you described on the phone....which Ive recorded and will be posted... has something to do with sleeping arrangements, warrants you breaking into my apartment and apprehending Stevie then im sorry to say that you will have to go that route. The thousands of people following your actions would consider it a shame too. When you have to justify your actions to the judge within 5 days of the apprehension I would like to think that the judge would consider it a shame also. If you cannot fully justify your actions then you are acting outside of Section 40 of the Child and Family Services Act and I assure you that I will make sure that you Andrea Wathy are held personally responsible for your actions.

Aside from all that....it was nice to meet you today.

"ANYTHING YOU SAY OR DO WILL BE USED AGAINST YOU IN A COURT OF PUBLIC OPINION" ~ Dave Flook 2011

Cheers!

Dave Flook: CAS Training Video

by Dave Flook Monday, 04 July 2011 Category Video 0 Comment

Hey gang,

0

First off - Happy July 4th to my fellow Americans.

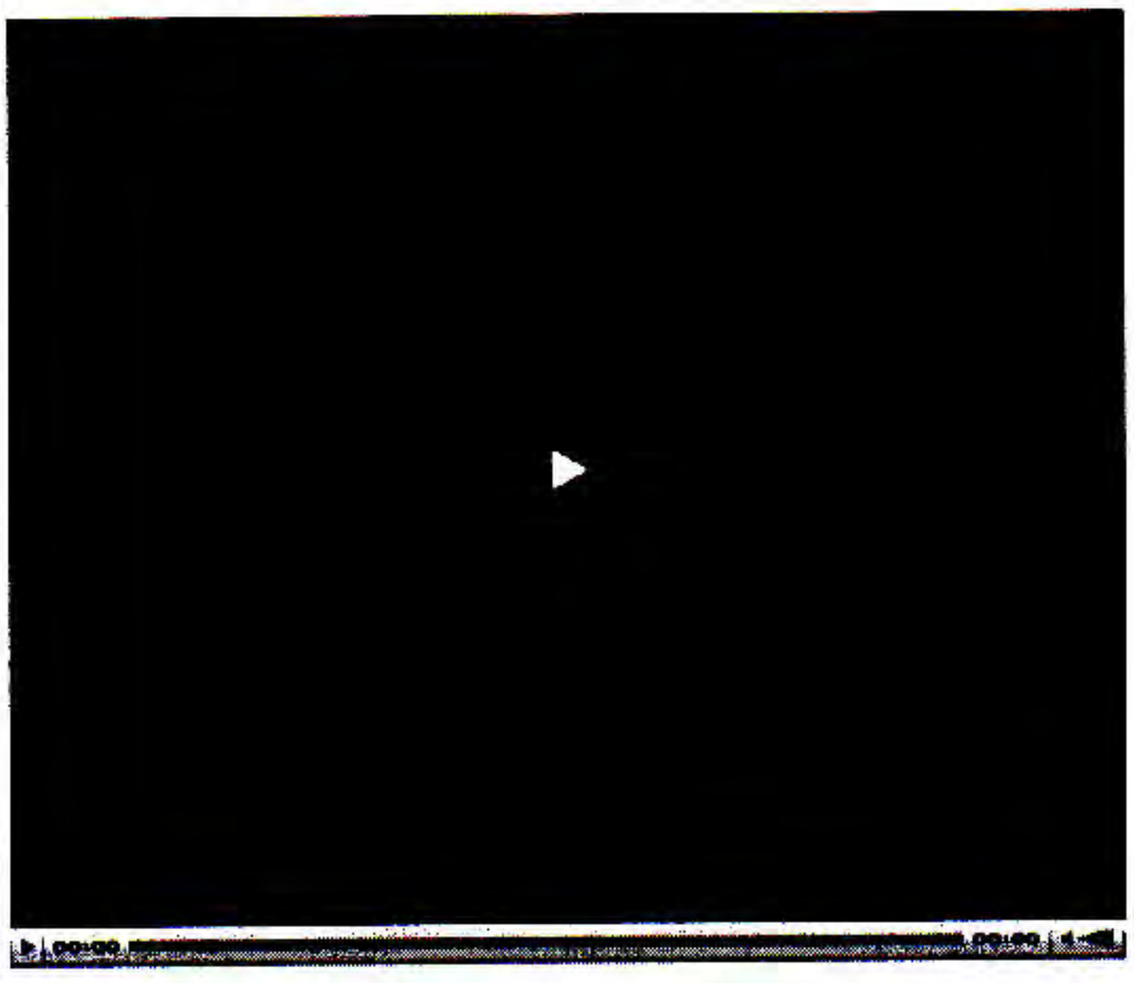
Today I had a CAS worker come to my apartment for the sole purpose of investigating me after allegations were made by my ex. These rather vindictive allegations are completely unfounded and I have nothing to hide. This DOES NOT mean Ill let any stranger from an organization/corporation especially one that is rampant with corruption, has no oversight or accountability, and where the workers often practice unlawfully (Cue CAS here).

I decided to take this opportunity to make a quick training video on how to protect yourself from the CAS. Information for this video was obtained via www.canadacourtwatch.com.

Id just like to thank my girlfriend Carol for not informing me that there is massive blue line running down my face for the durration of the first portion of the the video. I also want to make a quick correction - when talking to the CAS worker I mentioned that the Courts Of Justice act allowe me to record any conversation Im a part of. In fact, it is the Criminal Code Of Canada Part 6 183.1 that allows me this. I got my acts/codes jumbled up :)

Id like to add titles and edit this better later. Im tired and need a nap. This is a raw and dirty version.

Part 1 -advice on how to protect yourself from CAS workers



Part 2 -My "meeting" with Andrea from the Chatham CAS
