Printing needed in Chatham Ontario - I currently need about 200 posters (8x11 single sided black/white) printed up. Can anyone print these up? (maybe at work? or home) We also need PRINTER sponsors. Im going to be doing a poster blitz of Chatham (Id like to do it in every city but starting here).

Cheers!

 **Nanny Moses** I heard from a young friend who had her children taken by Peel CAS that they "refused" to grant custody to her grandparents because they had opposed the removal of the children in the first place!! What's all this bullshit about "Kinship" programs they advertise and their boasts about keeping children within their own "family" structure, yet the minute you speak honestly & it goes against what CAS has done....you are "disapproved" .... foster care is better than family care!!! Oh what I'd love to do to those bureaucratic assholes....hope they read this too!!! I realize this is a 'mom' I'm talking about, but the dad is losing out as well & she is a good person.

up on a dedicated server that can handle the traffic that I'm sure this lawsuit will be bringing in. This is from all over the world. In way I actually feel I should be charging you a small fee for the sheer amount of publicity this will be generating for you via the Not All Dads Are Deadbeats website. Sadly, though...it won't be the kind of productive publicity your firm seeks I'm afraid.

Ready??.... here we go...

I wanted to put out a call to action to ANYONE living Chatham-Kent, Ontario who has had any dealings with Andrea Wathy and/or the local CAS corporation. I want to be in close contact with ANYONE who has been visited by the CAS for duties that are NOT governed by section 40 of the Child and Family Services Act. Has a CAS worker come to your home to conduct "investigative duties" even though on their business card they are merely "intake workers"? Have they indicated that they ARE social workers? (I will be checking their history through the College of Social Workers). Do you have audio/video of their visits with you..... etc.

For anyone new to this... Remember to record absolutely everything from the first conversation you have with Chatham-Kent CAS to any investigations (you do not have to let them in to your residence remember...).

I will be creating a form where you can send your recordings... In the meantime please email me any details at (info@notalldadsaredeadbeats.com). Ideally, I would like to set an appointment with you to record your statement. If this goes to trial I would like to be able to call on you if need be. So please keep that in mind as well.

NADADs is going to be conducting a massive international press campaign in the next week or so. If you would like to help to get the word out about the CAS and their willingness to not only practice unlawful social work but their willingness to sue those who confront them...then please get in touch via this website or on Facebook.

Thanks again to the local CAS for providing me with material to get this message out. I can't convey how much I appreciate your input.

 **Carl Schwehr** I've followed your writings over the years and I just want to congratulate you for standing up to CAS and other services that spend more time bullying good parents than going after the bad ones. Their mandate is clear - to protect children - sadly though, most of their time is spent attacking regular families to facilitate quotas and vilify regular people who are just trying to make due. I wish you all the best and hope you defend this successfully!

**Mark Paolone** CAS is, in my opinion, an organization which protects bad parents (the intellectually challenged, mentally ill & junkies) - the children are fodder and Fathers (in general) are garbage. Dave this is the treatment which you've described endlessly - communist policy backed by the politically correct Left. It's too stop you from fighting the injustice within the Family Court system - which they grow fat from (the negligence, bloated bureaucracy & the unfit stooges whom keep children as hostages to be used against their former spouses). This would not be happening if you represented a shelter.

**Warren Boyd @Dave:** Thank you for being a soldier in this great injustice that has been happening to families, and especially fathers, across Ontario. A corrupt injustice motivated by money which is received by the CAS offices for each file that is opened. Your bravery in facing down this rabid gorilla is quietly appreciated by us all whether we be fathers, mothers, grandparents, or siblings.  
July 12 at 12:09am · 5 people

**Not All Dads Are Deadbeats** Thank you Warren :) This one is going to be for us... This one will be for our children.... I look forward to them persuing this lawsuit. Money means nothing to me... If its 10 bucks or a million... I cant pay them anything so it really makes no difference to me... the principal means the world to me and it is upon that solid foundation inwhich we collectively stand.

I know that I stand a great chance of losing in court... that is okay with me... but I also know that we will never lose in the court of public opinion.... I see this as a platform (a buzz worthy one at that!!) to get our message out and to encourage healthy debate and to hopefully encourage a change in the way things are...

For me... there is nothing they can do that will intimidate me from persuing that goal... and they will be aiding us in proving a means to create buzz.....

Ive talked with thousands of proud parents and if there is one thing Im sure of in this world it's that you should NEVER mess with proud...loving parents.... we have more strength and conviction than corporations like CAS could ever imagine.....

Thanks again Warren... your words of encourament mean a lot to me.

**Nanny Moses** What I find hard to believe is that decision making power is in the hands of a group of local volunteers?? What qualifications do these volunteers have? Since the agency is funded by the province, are our tax dollars supporting them? OACAS defines CAS agencies as follows: " There are 53 Children's Aid Societies in Ontario. They are incorporated not-for-profit agencies governed by volunteer boards of directors elected from the local community and funded by the Province of Ontario".

July 12 at 12:51am · 1 person

**Gordon Coates** This is GOOD news, nice to see CAS and the lawyers are on line gathering info. So now is the time to give them it! Slow down a bit, concentrate on the CASE. OMG this will continue, and we will right here help you DEFEND their ACCUSATIONS thus expose them.

July 12 at 1:35am · 2 people

**Gordon Coates** Last thing CAS wants is too much hard info , the kind that puts shit on their tail. Next is to see that you are not alone. Then the publicity!! Funny I bet thay will muzzle you with orders and actions But then they get me!! Called "Snowball effect" (and those things roll down hill). Enough said there. Next is strategy.

July 12 at 1:42am · 1 person

**Gordon Coates** 1) the web site let it clogg you do understand it also cloggs their bug. Cost them those big Law \$\$ to sort the info.

July 12 at 1:44am

**Gordon Coates** 2) Reply to the "charge" for DISCLOSURE, meaning they are compelled by law to give you all the info they have to back the charge. Simple Court Rules.

July 12 at 1:47am

**Gordon Coates** 3) Make sure this is held in "Court of Queens Bench", That is federal court. That also means all "precidents" are acceptable from all Provinces. (Hee that includes me).

July 12 at 1:49am

**Gordon Coates** 4) Most likely this will scare them but we are not done. Now we counter claim. Very cheep if we are the lawyers. THAT TURNS THE TABLE.

Dave Flook you are an inspiration to many, we all have the right to see our kids unfortunately only the bad fathers get the publicity. I sympathise with you, since my son decided to live with me, my Ex has threatened me with social workers and health inspectors, sad really but true. If she had cared for him properly he would still be with her, but he is with me full time now instead of half the time.  
best of luck Dave

 **Not All Dads Are Deadbeats** Thanks for the feedback Paul :) It means a lot to me. Over the past four years of running NADADS I have spoken with thousands upon thousands of proud loving parents...I always tell them that they have an army of people standing behind them...

**Not All Dads Are Deadbeats** Documentation is everything in custody battles today. Without records you stand in front of a judge and he/she decides who is lying and who is telling the truth. Do Not let someone else judge your innocence. Document everything so you are able to defend yourself in the courtroom. Often, people tell you to use a calendar. But I know the space is not there for you to fully document everything like the story that unfolded. That's why we made them available to you for free and for you to download and print for free at your convenience. Keep separate documents in a file for each child so you know what really is going on. A couple of minutes now will mean a lot when you need evidence in the future. Protect yourself and you child: download them immediately and start using them today! Jay

Unmarried fathers do not automatically have any parental rights or responsibilities for children they have fathered. Parental responsibility can be obtained - take specialist advice.

Shared the link for this page. I just "liked" it today but I just posted a status last night about vindictive, immature mothers not letting good fathers see their children all because they can not put their feelings aside. It sickens me when women act this way. Think of your children, not of yourself. Putting the children's best interests (and not your feelings) first should always be immediate!

Ron - I am in South-Western Ontario however NADADS is an international organization. We are planning to set up official chapters in every state/province and in as many countries as we can. Obviously this is a massive undertaking but its on the "to do" list :)

July 8 at 1:05pm

**Doug Lake Dave**, um what about posting to youtube, once its there it's there, I think anyway?

July 8 at 1:33pm

**Ron Svitek** I certainly know how hard it is to organize men and get things done. I have dealt with thousands of cases. The man above me in our organization has dealt with 5 times as many, if not more. What I find to be difficult when trying to organize men is that they are lazy about trying to accomplish anything. Have you ever tried to organize a demonstration? In our state of 9 million plus we would be lucky if we can get 5 guys together to picket a court house. Men need a kick in the b...s to get them to do anything to stop the abuse inflicted upon us by the family courts. If every man who has or is been in this situation would put some effort into changing the laws or fighting for equality something might actually get done. Sometimes I just feel like giving up. But I won't. And I hope you guys won't either. to those of you in Ontario, do you remember Clayton Giles? He was a young kid from Ontario I beleive who rode his bike across Canada and the U.S. to fight for the rights of children from divorced or seperated parents. This was about 10 years ago. Im sure you can google him. I met him in N.J. in Princeton when he rode his bike here. If an 11 year old kid can do it why cant a bunch of grown men?

**Ron Svitek** I watched the youtube video. Im not sure of the mans name who was in the video. Whoever you are please contact me on the private conversation section of fb. There are some things I would like to point out to you about the video. Im sure that the CASS is monitoring fb. An open question: The woman would not talk if there was a camera. What if you were near a traffic light where there are cameras? Or in a resteraunt? There are cameras everywhere. Are they some kind of secret society that they must avoid cameras? Contact me when you get a chance.

July 8 at 3:51pm

**LaTisha Whitlock Tyson** If there was nothing to hide she would have no problem with the camera. Seems very shady to me. Keep up with what you are doing! I see it as standing up for all of us parents out there! Men and women are wronged with child protective services.....I was one of them. The truth came out for me it came back an bit him in the ass. Long story on that. But I see lots of great dads out there. Don't let them derail u!

July 8 at 11:04pm

**Nanny Moses** @Dave, based on the criteria set out by the CAS on how investigations are handled, what foundation are they using for the charges against you with respect to your daughter? Who is the first hand observer & did they act maliciously? According to CAS Mandate it makes the following statements: (1) The person who has the reasonable grounds to suspect that a child is or may be in need of protection must make the report directly to a Children's Aid Society and not rely on anyone else to report on his or her behalf. This allows the Protection worker to gather pertinent details of the allegations from the "first hand observer" and prevent any unnecessary delay on the commencement of the investigation. (2) Protection from liability (Section 72-7) is built into the CFSA for those person's who make a report unless he or she "acted maliciously or without reasonable grounds for his or her suspicion".

**Ron Svitalk** Dave. Maybe instead of using the specific names of these people and organizations you can change them to something else. Give them aliases. Have you ever watched the movie The People vs. Larry Flynt? I enjoy the shenanigans Mr. Flynt used in the courtrooms and during depositions. I also have learned more about law from watching the movie. While real people can sue you for slander and defamation of character fake people cant. When I say scumbag my wife and friends know what I mean. I encourage you to share this with fb member Fathersandchildrensequality I think you will make good friends. take care

I got up to leave. When the hearing was over I was thrown on the litigants table and hit over and over by the sheriff's officer. I know my filing a complaint didnt do me any favors with the court but it does help to protect the next fellow. good luck

NADADS will be providing you with the Six Simple Steps on: How to Stay Ahead: When You're Starting From Behind; forms & how to document your struggles as soon as we can get them on the website for you to download for yourself. You can use these forms as court evidence!

 **Wendy Daw** Keep on posting the info for people going through the maze of access, custody, family court, child maintenance.... Wish we could have had access to some of this info when we were going through it all!! What you do will help those that need it...seems our current onesided system tries to make sure it stays onesided, and the dads need all the help they can get.

**Younguitarschool** Blenheim Interesting that the CAS has kept a close eye on your site...consider it a good thing..you're making some waves in an archaic legal system. The cash cow flows right down to every last pencil pusher...we need light in this darkness.

**Not All Dads Are Deadbeats**

I can see that the CAS is checking out our website (and my personal web design business site Pure Web Group). I can see every live viewer (based on IP - through the LIVE HELP app I have on the site). "mail.oacas.org" came up a few times this morning - this is a CAS related IP.

I hope you enjoy the content on the site CAS.... hopefully you learn a few things <grin>

**Nanny Moses** @Wendy Daw...funny you mention being referred to as a nuisance. Same thing happened to us. CAS sent a letter saying we needed "Social & Parenting" classes!!! What a joke when CAS made a mockery of every guideline they post on their website.

Today I had a CAS worker come to my apartment for the sole purpose of investigating me after allegations were made by my ex.

I decided to take this opportunity to make a quick training video on how to protect yourself from the CAS

Hey gang, First off - Happy July 4th to my fellow Americans. Today I had a CAS worker come to my apartment for the sole purpose of investigating me after allegations were made by my ex. These rather vindictive allegations are completely unfounded and I have nothing

Sara - It will be a great library of books/guides. The knowledgebase will be great too (its up now but we need help with it).

We are putting a long list of jobs that need to be filled. NADADS needs all hands on deck. The more we have working towards the organization gives me time to develop the Fathers Union.

Who has a half hours worth of time to help NADADS. I'm looking for about 5 people to proof read, re-write, add to a document for NADADS to be posted asap. Email me at [jay@notalldadsaredeadbeats.com](mailto:jay@notalldadsaredeadbeats.com) and I'll email you the document that I need to get done and posted today. Make any adjustments that you see fit. Thanks!

#### Not All Dads Are Deadbeats

Friends of NADADS came up with a photo that really made me think hard about what we are all doing. In real life, graphics like this would insult many people. But the true is, behind closed doors, this happens every day. It's heart wrenching to think children are being toyed with in this way to me. I hope we and a group can stop this ASAP!!! Thanks to the European United Papa for sharing this with us.
